## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(**Note.**—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
  - (i) Single Intradermal Comparative Test for Tuberculosis;
  - (ii) Agglutination Test for Contagious Abortion; and
  - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

- an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).
- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
  - (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
  - (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
  - (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor; and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females must be certified to have passed the Agglutination Test for Contagious Abortion within three months prior to the date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to any laboratory approved by the Ministry of Agriculture, Fisheries, and Food. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. Any female which has not passed the Agglutination Test within three months prior to the date of Sale but which has been vaccinated, can only be accepted for the Show and Sale, provided that one of the following certificates (signed by a Veterinary Surgeon) is supplied to the Auctioneers on or before the arrival of the animal at the market premises:—

- (a) That the animal was vaccinated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale.
- (c) Any female not complying with the above Regulations must be penned separately and sold at the end of the Sale, the results of an Agglutination Test, made within three months prior to the date of the Sale, to be displayed on the Pens.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the

Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Directors of The Beef Shorthorn Cattle Society as sole Arbiters for settlement, and the decision of the Directors shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

#### 15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.

- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
  - (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.
16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## RULES OF COMPETITION

---

**N.B.—Only one attendant with each animal will be allowed  
in the Judging Ring**

---

1. All animals entered for competition must have had pedigree accepted for entry in Coates's Herd Book.
2. No appeal to be taken after Judges' decision.
3. None of the Competitors to be allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.
4. The Prizes are intended for, and can only be gained by, Stock sent for *bona fide* sale, and should any prize animal be withdrawn from the Sale or sold privately, the Prize will fall to the next in order of merit.
5. All Trophies must be returned to Messrs. Macdonald, Fraser & Co., Ltd.'s Registered Office before 1st January, 1965.

**Unlicensed Bulls of the prescribed age exposed for Sale  
at Auction Marts**

Attention has been drawn by the Secretary of State to the increasing number of unlicensed Bulls exposed for sale throughout Scotland.

In terms of the Improvement of Livestock (Licensing of Bulls) Act, 1931, the prescribed age at which all bulls must be licensed is **10 months**, and applications must be submitted to The Department of Agriculture for Scotland, St. Andrew's House, Edinburgh, 1, not later than 28 days before the animals attain the prescribed age. There are no grounds for the belief that applications for licences do not require to be made until the animals are used for service.

All Bulls (10 months and over) exposed for sale must, therefore, be accompanied by the Licence issued by The Department of Agriculture for Scotland.

**All Reserve Prices to be handed to the Clerk of Sale before Nine o'clock on Morning of Sale Day.**

**MACDONALD, FRASER & CO., LTD.**

The Judging of Females and Bulls entered for Competition will take place on Monday, 10th February, at 9.30 a.m.

**JUDGE FOR FEMALES AND BULLS:**

**Mr. J. V. EVANS, Palmerston North, New Zealand.**

**RING STEWARD: Mr. R. L. FRASER.**

Tolquhon Rosewood Snowfall and her grandam were selected as two foundation females for the Denend Herd. She is a beautiful, white cow, showing great breed character, and is an exceptionally good milker. She is the dam of Denend Harmony, referred to below.

Glastullich Paragon—one of Calrossie Hyperbole's best breeding sons. His daughters have proved to be great breeders and have produced such famous animals as the Hon. Mrs. Dewhurst's famous show heifer, Tolquhon Crystal Ramsden, and Denend Harmony, the supreme champion over all breeds at the recent Natal Show. Paragon's females at Tolquhon are really outstanding.

This line of Kirkton Rosewoods has produced many outstanding animals over the years.

Note the sires in this pedigree.

Bapton Achievement's full sister, Bapton Augusta Catroina, was the best yearling heifer of her year, and, without a doubt, one of the best females in the herd to-day.

Bapton Brave Robin—see Reference to Sires (19).

Bapton Augusta Chrysala is uterine sister to the 5000-guinea Bapton Aurora, who sired the 1957 Perth supreme champion, Bapton Controller, and whose dam, Beaufort Augusta 3rd, was supreme champion at the R.A.S.E. Show in 1947.

Bapton Roan Robin, although never exhibited at any shows, was one of the greatest bulls ever bred in the Bapton Herd. He was sired by the famous Bapton Constructor, and his dam, Bapton Augusta Margaret, was probably the best female left by Kirkton Hercules. Roan Robin was used for three seasons in the Bapton Herd before being exported to Mr. Ian Macleod, New Zealand. His breeding record is well known.

Note the outstanding sires in this pedigree.

## REFERENCE TO SIRES

---

- (1) UPPERMILL LEOPOLD (4972)—sire, Erimus Hansard (392495) by Calrossie Evening News; dam, (425311) Linda by Uppermill Metaphor (333383); g.-dam by Cruggleton Cyril.

Uppermill Leopold has been one of the most successful sires of recent years, and his sons are stock bulls in many of the leading herds throughout the world. They include Westdrums Ensign (3000 guineas), Westdrums Winston (3000 guineas), Westdrums Jeremy (2100 guineas), Westdrums Fascinator (1600 guineas), Westdrums Flossy Boy (1050 guineas), Westdrums Rothes Roger (1100 guineas), Westdrums Wayfarer (1400 guineas), and Westdrums Romulus (1600 guineas).

- (2) CALROSSIE POWER DRIVE (19972), red, calved 20th March, 1960—sire, Banchory Orangeman (8074); dam, (11310) Calrossie Flossy Frances by Calrossie Claymore (396198).

Calrossie Power Drive was purchased at Perth for 2000 guineas in 1961, and, in the following year, his full brother, Calrossie Pre-Eminent, was purchased by Mr. Alan Grant, for 3000 guineas, as stock bull for the Thorn Herd. He is a bull of great quality, and of a beautiful, deep red colour, while his dam is generally acknowledged as one of the best cows at Calrossie, with lovely character and good lines. His g.-dam, Calrossie Flossy Flora, is a full sister to Calrossie Wildfire, who was used in the Coldoch Herd for three seasons, and then was sold to Señor Enrique Santamarina in Argentina. At the 1962 Palermo Show, he sired the reserve two-year-old champion, who was sold for the breed record price of approximately 9000 guineas.

- (3) BAPTON CLANROY (10017)—sire, Bapton Constructor (6414); dam, (432509) Bapton Marilyn Broadhooks by Kirkton Hercules (381696).

Bapton Clanroy was purchased at Perth for 3000 guineas in 1958. He was one of the two stock bulls by Bapton Constructor who were retained in this country. Bapton Constructor is now world-famous by reason of his record price of 15,000 guineas, and the sensational popularity of his progeny in Canada. Bapton Clanroy is renowned for his great strength of bone and general ruggedness, which shows in his females left in the herd. He was used for three seasons in the herd, and then sold to Mr. Horace G. W. Crookes, Lornwood, Transvaal, South Africa, for whom he was reserve champion at the Rand Show in Johannesburg. He sired Coldoch Sportsman, the winner of the D. M. Stewart Challenge Trophy, and reserve senior champion, at Perth in 1961. This bull was purchased by Señors J. & G. Elordy, Argentina, for 2200 guineas.

- (4) **COLDOCH BARONET** (392959)—sire, Kirkton Baronet (335904); dam, (335732) Rosewood Lynn by Naemoor Marshal (345049).

Rosewood Lynn is a full sister to Kirkton Emblem, the sire of the senior and supreme champion, and of the junior champion, at Palermo in 1953. Coldoch Baronet was used in the herd for three seasons, and then sold to Mr. E. Moubray Alexander for export to the Argentine, where he sold for £5000. He sired the following bulls, which were all exported to Argentina:—Coldoch Monarch (650 guineas), Coldoch Nelson (1000 guineas), and Coldoch Norseman (600 guineas).

- (5) **CALROSSIE WILDFIRE** (2328)—sire, Calrossie Welcome (368471); dam, (318938) Calrossie Flossy Loo by Kirkton Baronet (335904).

Calrossie Wildfire was purchased for 2800 guineas at Perth in 1955. His show successes included reserve supreme champion at the Royal Highland Show at Edinburgh in 1955, and reserve male champion at the Royal Highland Show at Inverness in 1956. He was used for three seasons in the herd, and then sold to Señor Enrique Santamarina, Argentina. He sired Coldoch Ocean Swell, sold for 2400 guineas to the same herd, who is now famous in the Argentine as the sire of the grand champion at Palermo in 1960; Coldoch Orion, exported to New Zealand; Coldoch Orient, to Australia; and Coldoch Royal Scot to Mr. W. F. Wright, Prumplestown, Eire. He left females in the herd of beautiful quality.

- (6) **CALROSSIE DIADEM** (15657), red, calved 11th February, 1958, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Ramona Ramsden by Calrossie Highland Piper by Calrossie Welcome.

Calrossie Diadem, the top-priced bull at Perth in 1959, was purchased for the Glamis Herd at 5200 guineas. He was 1st in his class and reserve junior champion. Calrossie Diadem developed into a big, rugged bull, with a good head, strong bone, and tremendous hindquarters. His sire, the good breeding Banchory Orangeman, carries two crosses of the famous Cruggleton Perfect, while his dam, Calrossie Ramona Ramsden, is one of the really outstanding cows at Calrossie. The breeding record of Calrossie Diadem in the Glamis Herd has been outstanding. At Perth in 1961, his calves included Glamis Trademark, the supreme champion, sold to Señor Elordy, Argentina, for 4800 guineas; the champion pair of bulls, and the reserve groups of three and five. He also sired the reserve champion female, sold for 820 guineas. At the October Sale in 1961, he sired the supreme champion, sold for 720 guineas. At Perth in February, 1962, he again sired the supreme champion, Glamis Benefactor, sold for 5800 guineas to Bapton, Denend, and Louada. This outstanding son was later supreme champion at the Royal Highland, Royal English, and Great Yorkshire Shows. Sons of Calrossie Diadem figured in the best pair of bulls, best group of three, and reserve group of five, in February, 1962, while two daughters sold for 620 guineas and 480 guineas. At Perth in February, 1963, he sired the top-priced bull, Glamis Supreme Commander, bought at 6800 guineas by Señor Carlos Duggan, Argentina. His sons won the group of three, and were reserve for the group of five. Four sold average £3008 5/-, by far the highest of the sale. At Perth in October, 1963, he sired the supreme champion female, sold for 580 guineas, the highest price of the sale. After being used extensively in the Glamis Herd, Calrossie Diadem was sold for a high figure to Bilmar Farms, Michigan, U.S.A. His breeding record is far from being equalled by any other bull alive at the present time.

- (7) CALROSSIE PRE-EMINENT (22106), red, calved 9th March, 1961, bred by Messrs. D. P. MacGillivray (Calrossie), Ltd., Calrossie—sire, Banchory Orangeman by Gallant Marshal; dam, Calrossie Flossy Frances by Calrossie Claymore by Calrossie Welcome.

Calrossie Pre-Eminent was 3rd in his class and one of the champion groups of five and three by one sire at Perth Sales in 1962 when purchased for the Thorn Herd at 3200 guineas. He is a full brother to Calrossie Power Drive, stock bull at Coldoch. His sire, the great breeding bull, Banchory Orangeman, carries two crosses of the famous Cruggleton Perfect. His dam, Calrossie Flossy Frances, is considered to be one of the most outstanding cows at Calrossie, whilst his grandam, Calrossie Flossy Flora, is a full sister to Calrossie Wildfire, late stock bull at Coldoch, and now owned by Señor Enrique Santamarina in Argentina.

- (8) CALROSSIE HIGHLAND MONARCH (386899), red, calved 20th April, 1951, bred by Messrs. J. & D. P. MacGillivray, Calrossie—sire, Calrossie Welcome; dam, Calrossie Goldie Lass by Glastullich Fortress.

Calrossie Highland Monarch was purchased privately at Calrossie after he had been retained as a stock bull from the crop of calves that averaged £3665 10/- for thirteen at Perth in 1952. His sons include Glamis Grand Slam, sold for 5500 guineas; Glamis Newsreel, 3000 guineas; Glamis Gay Monarch, 2300 guineas; Glamis Double Dash, 2200 guineas; Glamis Gay Gordon, 1700 guineas; Glamis Rothes Knight, 1600 guineas; etc. Sons of Calrossie Highland Monarch won all the group prizes at Perth in 1955, as well as the reserve junior championship, and also the champion and reserve at Aberdeen. The daughters of Calrossie Highland Monarch are very favourably commented upon by breeders who have seen them. At the Bapton/Glamis Reduction Sale in October, 1957, nine of his daughters sold as follows:—1100 guineas, 1000 guineas, 1000 guineas, 820 guineas, 800 guineas, 600 guineas, 500 guineas, 450 guineas, and 380 guineas, thus averaging £775 16/-.

- (9) KAIR MASTERKEY (4176), red roan, calved 7th April, 1955, bred by Mr. G. J. C. Anderson, Kair—sire, Calrossie Crocus Count by Calrossie Welcome; dam, Kair Janet by Corrimony Golden Sovereign.

Kair Masterkey was 1st in his class, junior champion, and reserve supreme champion at Perth in 1956, where he was purchased for the Glamis Herd at 5600 guineas. He proved a wonderful breeder of both males and females. At the Bapton/Glamis Reduction Sale in 1957, six heifer calves from his first crop averaged £519 15/-. His only other female sold at public auction was Glamis Princess Olana, one of the reserve pair at Perth in 1959, sold for 520 guineas. His first crop of bull calves won the following prizes at Perth in 1958:—junior and reserve supreme championship; best group of three by one sire; and reserve for the best group of five. They sold to 2700 guineas, and averaged £1325, one of the best averages of the Sale. His second crop, sold at Perth in 1959, won the following prizes:—two 1sts, one 2nd, and one 3rd in their classes, and stood reserve for every group award. After being used in the Glamis Herd for three seasons, Kair Masterkey was exported at a high figure to Mr. Vaughan Moore, Iowa, U.S.A.

- (10) CRICTON BUZZARD (17695), red roan, calved 1st January, 1959, bred by Mr. R. H. Watherston, Crichton Mains—sire, Tolquhon Bosco; dam, Crichton Red Butterfly by Calrossie Precision; g.-dam, Crichton Butterfly by Cruggleton Cargill; 3rd dam, Lucy Butterfly by Cruggleton Perfect.

Crichton Buzzard was supreme champion at Perth in 1960, where he was purchased for the Burnton, Kair, Morphy, and Glamis Herds for 3200 guineas. He is a bull of tremendous scale and substance. At two years old, in ordinary working condition, he weighed 15½ cwt. Sons from his first crop of calves gained many prizes at Perth in 1962. His two sons from the Glamis Herd won 1st and 2nd prizes in their classes, and included one of the best pair of bulls, and two of the best group of three. He sired all the groups at the Royal Highland Show in 1963. He is also the sire of Morphy White Knight and Morphy Victor, winners of many male championships in 1963, and also sire of the champion Shorthorn at Edinburgh and Smithfield in 1962. After being used extensively in the four herds, Crichton Buzzard was exported to the U.S.A. in 1962, for a high figure.

- (11) RICHWOOD RENOWN (P) (71)—sire, Lynnwood Mainline (P); dam by Lynnwood Destiny (P).

Richwood Renown was 1st prize senior bull calf at the Chicago International in 1957, and was the highest-priced polled bull sold at auction in the U.S.A. during 1957 and 1958. He has proved a first-class breeder of both males and females and is a 100% dehorner.

- (12) NAEMOOR ELDORADO (20061)—sire, Bapton Controller; dam, Naemoor Biddy Broadhooks.

Bapton Controller was a big, strong white bull with very good bone. In 1957 he was supreme champion at Perth and was sold for 6500 guineas.

- (13) FINDOWRIE ALL'S WELL (11368) was reserve senior champion at Perth in 1959 and has been leaving big, strong calves with good fleshing qualities. His heifers are proving good milkers. At Perth in 1963, Findowrie All's Well sired a 1st prize winner, sold for 600 guineas, and a 2nd prize winner, sold for 550 guineas. He also sired the champion Shorthorn bull at Banbury in 1963.

- (14) BEAUFORT CYCLOTRON (12839) is by Beaufort Commodore (see Reference to Sires (15)). Cyclotron was used extensively in the Beaufort Herd, and successfully exhibited at local shows as well as being 4th in a strong class at the Royal Highland Show at Ayr in 1958. Cyclotron was sold in February, 1959, at Perth, to the Lone Star Ranch, Texas, for a high figure. His dam, Beaufort Princess Pamela 8th, comes from a notable family and was considered to be the best heifer of her year.

(15) BEAUFORT COMMODORE (396125), sold at 5900 guineas, was champion at the Northern Counties' and Black Isle Shows, also winner of the Casares Cup for the best junior bull at the Royal Highland Show at Dumfries in 1954. In 1955 he was supreme champion at Nairn, while in 1956 he was the supreme champion at the Royal Highland Show at Inverness and at the Keith Show. Sold to Mr. Israel Sieff in 1957, he won championships at the Three Counties', the Royal Counties', and Bath & West Shows. His sons and daughters have been prominent in the show ring during the past years. His son, Bapton Silver King, was male champion and reserve supreme champion at the Cambridge Royal Show in 1960 for Mr. Nevil Blond, and supreme champion in 1961. A daughter, Beaufort Princess Royal 58th, was female and supreme champion at Nairn Show in 1960, and was female and supreme champion at Turriff in 1961, female and reserve supreme champion at the Black Isle in 1961, and reserve female champion at Keith in 1961.

(16) CONSTRUCTOR (P) (137), red, calved 15th October, 1959, bred by Louada Manor Farms, Ltd.—sire, Bapton Constructor (6414); dam, (X498233) Queen of Hearts A.F. 3rd (P) by Camson Better News (329171).

Constructor (P) is regard by many as one of the best-headed Polled Shorthorn bulls in the breed to-day. He is a bull with tremendous bone and substance and great hind legs. Of a beautiful, dark red colour, he is the only polled bull in the world by the great Bapton Constructor. He is from the same Thieman Queen of Hearts family as the great Bapton show cow, Queen of Hearts 18th (P). Camson Better News is by Calrossie Good News. Constructor was never defeated by any Polled Shorthorn in Britain. During the show season of 1963, his winnings included male and supreme champion at the Royal Northern; male champion (both horned and polled competition) at Ellon; male and supreme champion at Turriff; male and reserve supreme champion (both horned and polled competition) at Keith. In actual fact, he divided the two great Bapton cows which were supreme champion and reserve supreme at the Royal Highland Show. He has been used extensively on a lot of the old horned Bapton females, and over 75% of his calves out of these cows have been polled.

(17) BAPTON CONSTRUCTOR (6414), red, calved 25th January, 1955, bred by Mr. Cecil Moores—sire, Calrossie Constellation (396200); dam, (431434) Aldie Augusta Johanna by Aldie Jonathan Adonis (386875).

Bapton Constructor was sold for 15,000 guineas, and is surely one of the greatest Shorthorn sires ever to be produced in the breed. His record in the Louada Herd is really outstanding. He has created a new era in Shorthorn breeding. Bapton Constructor is the sire of many high-priced and prize-winning bulls, including the 30,000-dollar Louada Bonaparte, the first Canadian bull ever sold to Argentina, going to the famous Sittyton Herd of Señor C. Duggan. He also sired Louada Nugget, sold for 12,000 dollars to Hi Ho, and, at the 1959 Louada Sale, 15 bulls by Bapton Constructor averaged £2500 each. He is the sire of Louada Bomber, male and supreme champion at the Chicago International in 1958. He also sired the female and reserve champion at the International, and his progeny won all the get-of-sires and groups. His stock to date has sold for over 400,000 dollars. At the 1960 Louada Sale, Louada Masterpiece, a son of Bapton

Constructor out of Bapton Mavis Crocus (by Kirkton Hercules), sold to Señor Duggan, Argentina, for the top price of 15,000 dollars. Bapton Constructor was flown back in March, 1961, to Denend Pedigree Farm. He has proved himself to be one of the greatest bulls of his time. His famous grandson, Louada Rothes King (by Louada Bonaparte), is making a name for himself in the Louada Herd as one of the greatest stock bulls ever used there. His first seven bull calves, all under ten months old, were sold to average 3900 dollars each at the Louada Sale on 21st October, 1963. Bapton Constructor is also the sire of Denend Glen Lake, winner of 1st prize in the March class at Perth in 1962, and sold for 4000 guineas to Messrs. R. M. Adam & Son. Since the death of Constructor, a half-share of Glen Lake has been repurchased by Denend Pedigree Farm. Another son, Denend Constellation (out of Portyerrrock Pure Gold), has recently been sold to Louada Manor Farms at a high figure as a junior stock bull.

- (18) CORONET MAX LEADER 3rd (P) (95), dark roan, calved 25th November, 1955, bred by Mr. Lewis W. Thieman—sire, Priam Royal Leader (P) (X2739468); dam, (X2232794) Coronet's Pride 5th (P) by Violet's Coronet 3rd (P) (X2054687)

Coronet Max Leader 3rd (P) was purchased at a very high figure as the first Polled Shorthorn bull in the Bapton Polled Herd. His sire, Priam Royal Leader (P), was used with great success by Messrs. Thieman before being exported to the Milly Milly Herd, Australia, where he has proved to be the outstanding breeding bull of his time. Coronet Max Leader 3rd (P) was selected on account of his tremendous size and substance, with a tremendous head and great bone and a beautiful, rich, dark roan colour. He was used for three seasons at Bapton, and then exported to Mr. Dave Kilgour, New Zealand. Prior to export, in natural condition, he weighed 21½ cwt. He proved a great success in the Bapton Polled Herd. Among his many outstanding offspring was the great Clipper King of Bapton, who had such a successful show season in 1962 and is now stock bull in the newly-formed Polled Shorthorn Herd, Northwood Farms, Cary, Illinois.

- (19) BAPTON BRAVE ROBIN (17504), dark roan, calved 7th March, 1959, bred by Messrs. Cecil & Nigel Moores—sire, Bapton Roan Robin (13110); dam, (51039) Bapton Broadhooks Sheree by Bapton Constructor (6414).

Bapton Brave Robin was purchased by Denend Pedigree Farm at Perth in 1960 for 4800 guineas—a half share was retained by Bapton. He grew into a massive bull, with tremendous bone, and a great stock bull outlook, and he is one of the biggest bulls in the breed. Note that he is a double grandson of the famous Bapton Constructor. His dam is an outstanding female, and is uterine sister to Bapton Highway, who is being used with great success by Messrs. Duggan's famous Sittyton Herd in Argentina. Bapton Highway sired the junior and reserve junior champion at Palermo in 1961. The junior champion sold for 2,250,000 pesos (£10,000), an all-time record price for an Argentine-bred bull. Messrs. Duggan retained the reserve junior champion for use in their herd. Bapton Brave Robin's granddam, Tolquhon Snow Queen (by Bapton Principal), was purchased from her breeder, Mr. John Sleigh, for 1000 guineas, and is one of the best cows in the Bapton Herd. She comes from the same family as, and is closely related to, the famous Kirkton Drum-Major, so successfully used by Señor Enrique Santamarina in the Argentine. The females by Bapton Brave Robin are really outstanding, and his early death was a great loss to the breed.

- (20) CONSTELLATION OF BAPTON (P) (109), red, calved 14th November, 1958, bred by Messrs. Cecil & Nigel Moores—sire, Calrossie Constellation (396200); dam, (119) Lavender Coronita 17th (P) by Coronet Max Juggler 18th (P) (X2584386).

Constellation of Bapton (P) is regarded by many as one of the best Polled Shorthorn bulls produced in Britain. He won the supreme championship in the polled section at the Turriff Show in 1959, when only nine months old. In the horned and polled competition at Keith the same year, he was 1st and reserve male champion to Bapton Northward Bound. In 1962 he won the Polled Shorthorn championship at the Royal Northern Show and the reserve Polled Shorthorn championship (to Clipper King of Bapton) at Turriff Show. His sister, Lavender Lass of Bapton, was the undefeated Polled Shorthorn female throughout the show season of 1962. Constellation of Bapton was exported to Louada Manor Farms in the spring of 1963, and has recently been sold at a very high figure to Mr. Roy Philp, Gloriadale Farms, Ontario. One of his sons, Captivator of Bapton, exported at the same time, has recently been sold to Sutherland Farms at what is believed to be a record price for a Polled Shorthorn bred in Scotland.

- (21) DRUMMONDREACH BROADHOOKS BOLD (12984), a dark red bull with great head and bone, was used for a short time in the Bapton Herds prior to being exported to Messrs. Price Brothers, South Africa, where he is proving to be a great breeder.

- (22) CALROSSIE CONSTELLATION (396200), red, calved 1st March, 1953, bred by Messrs. John & D. P. MacGillivray—sire, Calrossie Welcome (368471); dam, (318937) Calrossie Flossy Beau by Kirkton Baronet (335904).

The bull of the year in 1957 needs little comment. He is perhaps one of the greatest sires the breed has produced in recent years. His first son, the record-priced, 15,000-guineas Bapton Constructor, has created a new era in Shorthorns in North America, 15 of his sons being sold at the 1959 Louada Sale to gross £35,795. His stock to date has sold for over 400,000 dollars in North America. Other famous sons in North America are the 7000-guineas Bapton Cairnbrogie; the 4100-guineas Bapton Copyright; the 2200-guineas Bapton Cavalier; and Bapton Craftsman, sold at the Edellyn Sale to Mr. Anthony Petkus, and now with Mrs. Fenwick, Boll Weevil—all bulls which are making their mark on the breed over there to-day. His females are offering to be grand breeders and milkers, with good heads and grand, sound legs, and they are among the top females in the breed to-day. At the 1963 Ellon Show, in a class of 12 females, the first four places were all filled by daughters of Calrossie Constellation.

- (23) NAEMOOR DICTATOR (17528), red roan, calved 15th December, 1959, bred by the late Major R. Moubray—sire, Bapton Controller (10021); dam, (32074) Naemoor Buttercup Daisy by Calrossie Defiance (391667).

Naemoor Dictator was purchased for the Bapton Herd for 2400 guineas. He won the supreme championship at the Royal Northern Show in 1962—the only time exhibited. His sire, Bapton Controller, won the supreme

championship at Perth in 1957, and was sold to the Naemoor Herd for 6500 guineas, where he proved a very successful sire. Naemoor Dictator's breeding is a nice blend of Calrossie Welcome, Kirkton Baronet, and Cruggeton Perfect. He is closely related to Naemoor Escort, the reserve supreme champion at Perth in 1962, and now stock bull in Mr. Stewart Bennett's famous Scotdale Herd, Georgetown, Ontario, where his first calves are showing tremendous promise.

- (24) GLAMIS BENEFACTOR (19287), red roan, calved 1st August, 1960, bred by Messrs. R. M. Adam & Son—sire, Calrossie Diadem (15657); dam, (58700) Glamis Helga Broadhooks by Kair Masterkey (4176).

Glamis Benefactor is the only beef bull of any breed to win the supreme championship at Perth and go on to win the supreme championship at the Royal Highland and R.A.S.E. Shows in the same year. Benefactor won seven supreme championships in 1962, and was never defeated. He, along with the Hon. Mrs. Dewhurst's well-known show heifer, Tolquhon Crystal Ramsden, won the inter-breed Burke Trophy at the R.A.S.E. Show. Glamis Benefactor was exported to Canada in the spring of 1963, and a two-thirds interest in him has recently been sold to the famous KC Farms, Kansas City, Missouri, at a high figure. His first calves show great promise, and one of his sons is being retained as junior stock bull at Denend Pedigree Farm.

- (25) BAPTON FORTRESS (20043)—sire, Glastullich Garrison; dam, Bapton Augusta Genevieve by Calrossie Constellation.

Bapton Fortress was a bull of tremendous size and substance, probably the best bull of his year. He was retained for use in the Bapton Herds. His sire was used for three seasons at Bapton before being exported at a high figure to a syndicate of Canadian breeders. He was the sire of the 25,000-dollar Bapton Guardsman, now stock bull at Northwood Farms, Cary, Illinois. Bapton Fortress's dam, Bapton Augusta Genevieve, is full sister to Bapton Constructor, and in 1963 she won the following prizes:—reserve female and reserve supreme championship at the Royal Highland Show, reserve female championship at the Great Yorkshire Show, female and supreme championship at Ellon and Turriff, and reserve female championship at Keith.

- (26) BANCHORY ORANGEMAN (8074)—sire, Gallant Marshal; dam, Banchory Orange Pet by Millhills Zeus.

Banchory Orangeman, red, a bull with plenty bone and ruggedness, has exerted a great influence on the breed in recent years. With Cruggeton Perfect featuring on each side of his pedigree, he has suited Calrossie females well. He was the last bull purchased by the late Capt. John MacGillivray for the herd, and he has a great record, with his 18 sons sold at Perth during the past five years averaging £2604. His grandsons have either been supreme champion or top price at Perth for a number of years past. At eight years old, he is not being used so heavily, but is still being mated with certain selected females.

- (27) CALROSSIE FESTIVAL (19960)—sire, Banchory Orangeman; dam, Calrossie Flossy Monica by Calrossie Welcome.

Calrossie Festival, red, a great-bodied bull, was 2nd at Perth in 1962, also a member of the champion groups of five, three by one sire, and of the reserve group of three. He sold for 1800 guineas to Señor M. M. Acevedo, Argentina. He is a full brother to Calrossie Heirloom, sold in 1961 to Señor Enrique Santamarina for 13,500 guineas. He was used on a very few females at Calrossie, and a son, Calrossie Dynamo, with rather amazing scale, volume and bone, is being retained and used heavily in the herd.

- (28) CALROSSIE SCOTCH MIST (17455)—sire, Banchory Orangeman; dam, Calrossie Princess Madge by Calrossie Paramount.

Calrossie Scotch Mist, roan, a bull of great length and quarters, has a strong concentration of Cruggleton blood, and his dam is by Perth champion, Calrossie Paramount, sold for 8500 guineas to Kyalla, Pty., Australia. He has left some wonderful heifers, and his top sons include Calrossie Scottish Soldier, the 1962 4000-guinea junior champion, sold to Tempel Farms, U.S.A.; Calrossie Scottish Reform, sold in Argentina for the second-top price of £770 to Señor Prospero Pangaro; and Banchory Utmost, sold privately to Mr. F. Speak, Lockerley, Hants., at a very substantial figure.

- (30) KAIR LUCKY STAR (19342)—sire, Calrossie Crocus Count; dam, Kair Nonpareil Nanette by Cruggleton Nevile.

Kair Lucky Star, red, was 3rd at Perth in 1962, and was purchased for 2300 guineas. He is a bull with a well furnished head and a bright eye, very deep through the rib, and with a beautiful class of hair. His sire is by Calrossie Welcome, and his dam, of the good Nonpareils, is by the 3500-guinea Cruggleton Nevile, whose sire and dam are by Calrossie Harmony and Cruggleton Perfect respectively. This double cross of Harmony and Perfect through two different sires in his pedigree, is rather interesting. His calves in 1963 are young, but show much promise, and are all a lovely, deep red.

- (31) CALROSSIE LEGEND (15663)—sire, Calrossie Christmas Carol, dam, (392458) Calrossie Bonnie Butterfly by Calrossie Welcome (368471).

Calrossie Legend won his class at Perth in February, 1959, and was bought for 2400 guineas. At the 1961 Royal Highland Show he was reserve male champion. He is the sire of Crichton Burgess, the top-priced bull at the sale of imported bulls at Buenos Aires in September, 1963 (exported by Mr. W. Brewis).

- (32) BAPTON ELDORADO (369654) was one of the most outstanding sires of recent years, having sired Banchory Jason, who won numerous prizes in the showyard, including the reserve male championship at the 1954 Royal Highland Show. He also sired Banchory Just Right, sold for 1700 guineas; Banchory Justin, sold in the Argentine for £2200; Banchory Julian, sold in the Argentine for £3200; Millhills Majestic, sold for 3000 guineas; Banchory Matador, sold for 3200 guineas; and Banchory Metaphor, sold for 3600 guineas at the Millhills Sale, and recently sold for a higher figure to Australia.

- (33) UPPERMILL SEAFIELD (14853)—sire, Erimus Hansard; dam, Secret Portia by Westdrums Prince Maurice.

Uppermill Seafield was reserve male champion at the Royal Highland Show at Aberdeen; reserve male champion and one of the winning group at the Royal English Show at Oxford in 1959; and supreme champion and one of the winning group at the Royal Highland Show at Edinburgh in 1960.

- (34) WESTDRUMS PABLO (440)—sire, Erimus Emeritus; dam, Princess Flo by Cruggleton Assheton.

Westdrums Pablo was purchased at Perth in 1956 at 3000 guineas. Princess Flo is the dam of Cruggleton Purvis, used successfully at Marellbar, U.S.A. Westdrums Pablo is now stock bull in the herd of Sir John and Lady Gilmour, Montrave, Leven, Fife.

- (35) BALBITHAN SILVER LINK (17643), white—sire, Aldie Robin (9791), white, by Beaufort Chevalier; dam, (36155) Balbithan Duchess Alice by Balbithan Bon-Accord.

Balbithan Silver Link is a very big, fleshy bull and is breeding big and strong calves. He was male champion at the Royal Highland Show in 1963. His sire won the yearling class at the Royal Highland Show in 1957. Balbithan Silver Link's son, Cluny White Augustus, won his class at Perth in February, 1963, and his daughter, Cluny Augusta Chrystal, was reserve female champion at Perth in February, 1962.

- (36) GOTWICK JOVIAL SIMON (19458), roan—sire, Bapton Silver King (10033), white; dam, (21474) Gotwick Princess Begonia by Bapton El Supremo.

Gotwick Jovial Simon is an exceptionally big and strong bull and seems to leave size in his calves, as this first crop indicates. Bapton Silver King was twice champion at the R.A.S.E. Show.

- (37) CRICHTON BLANCO (13944) was purchased from Mr. R. H. Watherston in 1958 for 1350 guineas. He is an outstanding breeder, having sired, amongst many others, Dron Xerxes, 1st in his class at Perth in 1961, where he was purchased jointly for the Lawton and Dungarhill Herds; also Dron Dorothy Yasmin, 1st at the R.A.S.E. Show at Newcastle in 1962, 1st at the Royal Highland Shows in 1962 and 1963, champion at Strathearn Show in 1962, and female champion and supreme champion at Perth Summer Show in 1963. Crichton Blanco won 2nd prize in the old bull class at the Royal Highland Show at Edinburgh in 1963.

- (38) **BALLATHIE AUTOCRAT (17287)**—sire, Calrossie Fortitude (9805); dam. Ballathie Averne 2nd by Cruggleton Justinian (427480).

Ballathie Autocrat was purchased for £3400. He is a bull with a great head, good bone, and very fleshy. His show-yard career is quite impressive, having won the following awards:—male champion at the Royal Highland Show, male champion at the Great Yorkshire Show, male champion at Perth, male champion and reserve supreme champion at Alyth, and male champion and supreme champion at the Angus Show—in 1961. In 1962 he was supreme champion at Perth and Alyth Shows. In 1963 he was reserve supreme champion at the R.A.S.E. Show at Stonleigh. His dam was a grand cow of tremendous size and substance, being a member of that outstanding Averne family at Ballathie.
